Commander's Message

At the Change of Watch meeting, I talked about the "three R's" that I would propose as our goals for the coming year: **Revitalize**, **Rejuvenate**, and **Recruit**.

Revitalize. I'm calling on all members to suggest ways we can enhance excitement and enthusiasm within our squadron. We currently have a very good agenda of land based activities, but aside from the Fleet Review, we have few water based activities. What would you like to see added to the activities? Our general meetings are informative and accompanied by a good meal. What else would you have me add to the meeting agenda that would contribute to the fun? Our *Newsletter* has again won "The Distinctive Communicator Award for Newsletters" from USPS National, thanks to the untiring efforts of P/C Marcia Militello, P. How can each of us contribute to the continuing success of this publication? Submit an article? A Recipe? A tale of a past voyage or harrowing event?

Rejuvenate. Our membership, as well as for squadrons across the country, has dropped in the past few years. But there are still members, although they may be "in good standing" with USPS, who do not participate in meetings or events. How can we reach out to them to bring them back into the family? Can you make a call to one of your old friends who has been absent for some time, or perhaps has not renewed their membership, and convince them to come to a meeting? If so, let me know and I'll be glad to have them as my guest for dinner. You could offer to do the same.

Recruit. As I mentioned above, our membership is down a bit. At last count, we're below 100 members for the first time. New members are vital to the future wellbeing of your Squadron. Consider this thought: Ten years from now, who will be available to sit on the Bridge? Who will be your Commander? The two "R's" above will help significantly in enticing new members, but the most influential factor in gaining new members is YOU. You can make the difference by active participation in meetings and events, bringing some old friends back, and soliciting prospective new members. Just ask them. It doesn't cost anything to ask, and they may just surprise you and accept. However, once you get them in the door, it is imperative that we all make them feel accepted. The best way to do this is to get them involved as part of a committee or event. D/C Lena Parsons, JN was persistent and got Shirley and I involved during our first year as members of CRSPS, and look what happened.

I'm proud to have been chosen as Commander of this Squadron. There have been many good men and women that have held this position before me, setting an example of hard work and dedication that will be a challenge to emulate. I intend to continue the established traditions, as well as rekindle some interest in activities and efforts that could contribute to an eventful and enjoyable watch. Together we can make this a very good year. It's YOUR Squadron, with a proud heritage, and you deserve the best I can offer as your Commander. I'll try not to disappoint you.

On all of the above musings and requests, you can send comments and suggestions to my new email address: cdrmikeh@gate.net.

Mike

CRSPS 2011 Course Schedule

Squadron Boating Course®

Chair: Lt/C Robert Redon, P

Scheduled Classes:

Operations Training: 7 PM Tuesday nights in February at
Cardinal Gibbons High School

Public Boating Class: TBA

The recent Piloting course final exam results have been returned from National. We have 2 new "Pilots" in our Squadron. P/C Marcia Militello, P and Lt Norm Smith, P. Please take an opportunity to congratulate them on this achievement. The date for our next ABC Public Boating class has not yet been set. Final determination of the date is pending adequate class size. I'll let you know the date in sufficient time for you to plan to stop by and help out.

Safety Corner

Vessel Safety Check Program

VISION

Safe, Responsible & Fun Recreational Boating

MISSION

Minimize the loss of life, personal injury, property damage and environmental impact while maximizing the safe use and enjoyment of U.S. waterways by recreational boaters. The Vessel Safety Check process is one of "prevention through education, outreach and volunteer compliance" helping recreational boaters to gain a respect for the boating environment. The VSC Program also helps to achieve voluntary compliance with federal and state recreational boating safety laws, particularly with regard to the carriage of safety equipment while raising boater awareness about safety and environmental issues through voluntary contact by a Vessel Examiner (VE). VE discussions with recreational boaters are designed to motivate maintaining and operating their boats in a safe manner, taking boating safety courses to increase their knowledge and skills in boating, and promoting safe boating.

We have the 2011 Inspection Stickers!

Schedule your VSC now with your Vessel Safety Examiner.

If you haven't had your boat inspected before, contact P/C Dean Jackson, SN for a referral to a Vessel Safety Examiner.
